B. When the Administrator receives a complete application, the Administrator will forward copies of the same to the Public Safety Authority, the City Planning and Public Works Departments, and any other City department or City personnel deemed appropriate by the Administrator in order to determine whether the shooting sports facility meets the requirements of this chapter and any other applicable City ordinance or regulation. Each consulted department or staff member shall review the application for compliance with regulations administered by that department or staff member and chapter 5.01 GHMC and shall forward a report to the Administrator containing the results of that review.

D. The Administrator shall issue a shooting sports facility operating license after a determination that the facility meets the requirements of this chapter, all applicable provisions of chapter 5.10 GHMC, any other applicable City ordinances/resolutions and State law. Notification of the applicant of the Administrator's decision will take place as provided in GHMC Section 5.01.120.

5.12.100 Effect of License approval.

A. The shooting sports facility operating license issued under this chapter shall authorize only those shooting types that have been specifically applied for and that are identified in the license. The addition of new shooting types or the addition of a new range or ranges for existing shooting types at a shooting sports facility shall require amendment of the existing license before any such new shooting type is allowed. Amendment of the existing license shall follow the same procedures set forth in this chapter for initial license application approval.

B. The list of designated range masters may be changed at any time without requiring a license amendment. Whenever a change is made to the list of range masters, a revised list must be filed with the Administrator within thirty days of the date of any change.

C. Issuance of a license under this chapter shall not relieve the applicant of any obligation to obtain any other required land use, fire safety, or building permits or approvals, except shooting sports facilities in operation prior to the effective date of this chapter shall not be required to seek new land use, fire safety or building permits solely for issuance of a license.

D. All facilities licensed under this chapter must conform to or abide by all City business license requirements as described in chapter 5.01 GHMC.

5.12.120 Operating without a license prohibited.

Such operation shall cease upon denial of the license application and if appealed, as provided by law.

B. If a shooting sports facility operating under a valid Pierce County shooting sports facility permit or license is annexed to the City of Gig Harbor, it may continue to operate, only if an application for a City license is submitted to the City as provided above. Once annexed, the shooting sports facility shall operate in compliance with this chapter and all applicable law.

5.12.140 Denial, suspension or revocation of license.

A. Any denial, suspension or revocation of a license applied for or issued under this chapter shall follow the procedures set forth in GHMC Section 5.01.120 and 5.01.130.

B. If determined through police or state agency investigation that any participant, spectator, neighboring property or member of the public has been injured or endangered as a result of range design, operation or management of shooting activities or that rounds shot at the facility have escaped the property on which the shooting sports facility is located, then the Administrator may immediately suspend or revoke any shooting sports facility license issued pursuant to this chapter. Reinstatement or re-issuance of any license suspended or revoked pursuant to the provisions of this chapter will be contingent on review and determination by the Administrator that the shooting sports facility operator has

made sufficient and appropriate modifications to the design or operation of the facility to reasonably address the specific deficiencies found to have contributed to the injury, endangerment, or escaped rounds.

5.12.160 License Renewal.

A. An initial shooting sports facility operating license shall be valid upon issuance and shall continue in effect for a period of one year from the date on which it is issued, unless suspended or revoked as provided in this Chapter.

B. Renewals shall be made as provided in GHMC Section 5.01.090, except the process for renewal of a shooting sports facility shall be the same as for an initial application; PROVIDED that the City shall not require that the applicant pay for consultants or investigators to review the renewal application or inspect the facility unless (1) the applicant is proposing changes to the facility, the facility site plan, the required operations plan, or the allowed shooting types as part of the license renewal or (2) the administrator determines that inspection or review by consultants is required in order to verify compliance with changes in state, federal or local laws pertaining to the shooting sports facility or its operation, or (3) there was a final determination by the Administrator or a court during the expiring term of the license, that the shooting sports facility violated any provision of this Chapter during such term, as the result of the facility's design, construction, operation or maintenance.

Application review and inspections performed pursuant to this Chapter are intended to determine whether a shooting sports facility is in compliance with the requirements of this

Chapter. However, those inspections and reviews that are done do not guarantee or assure either that any design, construction, use or operation complies with applicable laws or that the facility is safety designed, constructed, used or operated. If it is found that violation of any of the shooting sports facility operating standards or any other provision of this chapter has occurred, the Administrator shall issue a written notice and order requiring that the operator suggest and implement measures or procedures to correct any violations of this chapter and to bring the shooting sports facility into full compliance. C. Failure to comply with the notice and order issued as a result of the above process will result in the suspension and/or revocation of the license involved.

D. If the Administrator concludes that the complaint is accurate, that it discloses a violation of this chapter, and that the operator has not proposed or effectively implemented measures or procedures to correct any violations of this chapter, the Administrator shall initiate the revocation procedure set forth in GHMC Section 5.01.130.

E. Nothing in this section shall be construed to limit the City's authority to issue a notice and order or take such enforcement or investigative actions needed to protect the public's health and safety.

5.12.240 Hiring and paying for consultants and investigators.

A. The Administrator may hire consultants and investigators to:

1. review license applications and license renewals under this chapter;
