The net proceeds of sale of the Bonds (exclusive of accrued interest thereon), if any, which shall be paid into the Bond Fund shall be credited to such Advance Refunding Fund and used immediately upon the receipt thereof to discharge the obligations of the City under Ordinance Nos. 170, 173, <sup>208</sup>268 and 409, respectively, authorizing the issuance of the Refunded Bonds by providing for the payment as hereinafter set forth in this section of the principal of and interest on the Refunded Bonds. The balance of the proceeds of the Bonds, if any, after payment of the costs incidental to the refunding and the issuance of the Bonds, shall be deposited in the Bond Fund.

B. 1973 and 1982 Sewer Bonds. There has heretofore been created by the City Treasurer, a special fund known as the "Gig Harbor Sewer Revenue Bond Redemption Fund" to be drawn upon for the sole purpose of paying the principal of and interest on the 1973 Sewer Bonds and 1982 Sewer Bonds. Out of the amounts on hand in the Advance Refunding Fund, there shall be deposited in the "Gig Harbor Sewer Revenue Bond Redemption Fund" at the times payments of principal of and interest on the 1973 and 1982 Sewer Bonds become due, until all of such bonds have been paid, amounts sufficient to make the following payments:

(1) The principal of and interest on the 1973 Sewer Bonds without redemption prior to maturity.

(2) The principal of and interest on the 1982 Sewer Bonds as the same become due on or before December 1, 1989.

(3) The amount necessary to redeem on December 1, 1989, the 1982 Sewer Bonds maturing after December 1, 1989.

C. 1973 and 1978 Water Bonds. There has heretofore been created by the City Treasurer a special account known as the "Gig Harbor 1961 Water Revenue Bond Redemption Fund" which is to be drawn upon for the sole purpose of paying the principal of and interest on the 1973 and 1978 Water Bonds. Out of amounts on hand in the Advanced Refunding Fund, there has been deposited in the "Gig Harbor 1961 Water Revenue Bond Redemption Fund" at the time payments of principal and interest on the 1973 and 1978 Water Bonds become due, until all of such bonds have been paid, amounts sufficient to make the following payments:

(1) The principal of and interest on the 1973 Water Bonds without redemption prior to maturity.

(2) The principal of and interest on the 1978 Water Bonds without redemption prior to maturity.

D. Redemption of 1982 Sewer Bonds. The City hereby calls for redemption on December 1, 1989, the 1982 Sewer Bonds maturing after such date in accordance with the provisions of Section 5 of Ordinance No. 409 of the City. Said call for redemption shall be irrevocable after the delivery of the Bonds to the initial purchasers thereof. The Refunding Agent (as hereinafter defined), acting in concert with the City Treasurer, is hereby authorized and directed to provide notice of the redemption of said 1982 Sewer Bonds in accordance with the applicable provisions of said Ordinance No. 409.

E. Safekeeping of Acquired Obligation. The City shall discharge such obligations by the use of such moneys to purchase certain direct United States Government Obligations as now or

hereafter defined in Chapter 39.53 RCW or its successor statute, if any, the ("Acquired Obligations"), which, together with any necessary beginning cash balance, will be sufficient for the payments set within paragraphs B and C of this Section and, as more particularly described in the Safekeeping Agreement attached hereto and incorporated herein as Exhibit B.

Such Acquired Obligations that are purchased with funds subject to yield restrictions pursuant to Section 103(c) of the Internal Revenue Code and applicable regulations thereunder shall be purchased at a yield not materially higher than the yield on the Bonds, except during any temporary period.

Such money and Acquired Obligations shall be irrevocably deposited with Seattle-First National Bank, Seattle, Washington (hereinafter called the "Refunding Agent"). Such money and Acquired Obligations are hereby pledged to be held and applied solely for the payment of the principal, redemption price and interest due and to become due on the Refunded Bonds, provided, however, that the City may from time to time transfer, or cause to be transferred, from such Advance Refunding Fund to the Bond Fund any moneys not required for such purposes upon securing a verification from the Refunding Agent and opinion of bond counsel as set forth in the next succeeding paragraph.

The City reserves the right to substitute direct obligations of the United States of America for investments in the Advance Refunding Fund in the event it may do so pursuant to Section 103(c) of the Internal Revenue Code and applicable regulations thereunder, provided that at all times the moneys and Acquired Obligations in the Advance Refunding Fund shall be sufficient to accomplish the refunding of the Refunded Bonds as provided herein. Prior to each such substitution, the City shall obtain (1) a verification by the Refunding Agent which shall be satisfactory to

bond counsel to the City that the moneys and Acquired Obligations on deposit after such substitution will be sufficient to effect such refunding of the Refunded Bonds and (2) an opinion from bond counsel that such substitution shall not cause any of the Refunded Bonds and Bonds to lose their tax exempt status under Section 103(c) of the Internal Revenue Code of 1954, as amended, and the applicable regulations promulgated thereunder. When all of the Refunded Bonds shall have been redeemed and retired, the City may cause to be transferred from the Advance Refunding Fund to the Bond Fund all moneys remaining therein.

All moneys and Acquired Obligations deposited with the Refunding Agent and any income therefrom shall be held, invested and applied in accordance with the provisions of this ordinance and with the laws of the State of Washington.

The City will take such actions as are found necessary to see that all necessary and proper fees, compensation and expenses of the Refunding Agent for the Refunded Bonds shall be paid when due. The proper officers and agents of the City are directed to obtain from the Refunding Agent an agreement setting forth the duties, obligations and responsibilities of the Refunding Agent in connection with the redemption and retirement of the Refunded Bonds as provided herein and stating that such provisions for the payment of the fees, compensation and expenses of such Refunding Agent are satisfactory to it.

In order to carry out the purposes of the preceding section of this ordinance and this section, the Mayor and City Administrator are authorized and directed to execute and deliver to Seattle-First National Bank, Seattle, Washington, a copy of such agreement when the provisions thereof have been fixed and determined. Such agreement, when finally executed, shall be marked "Exhibit B,"

shall be attached to this ordinance and by reference hereto is hereby made a part of this ordinance.

F. Determination of Benefits. The City Council hereby finds and determines that the refunding of the Refunded Bonds will be of substantial benefit to the City by permitting a consolidation of all outstanding indebtedness of the water and sewer utility systems into a single lien position and permitting the issuance of future water and sewer revenue bonds on a parity of lien therewith. The City Council hereby further finds and determines that the issuance and sale of the Bonds at this time will effect a benefit to the City. In making such finding and determination, the City Council has given consideration to the interest to the fixed maturities of the Bonds and the Refunded Bonds, the cost of issuance of the Bonds and the known earned income from the Acquired Obligations pending the maturity or redemption of the Refunded Bonds.

Section 3. Combined Water and Sewer System. There has heretofore been created by Section 14 of Ordinance No. 170 of the City a "Water Revenue Fund," and by Section 5 of Ordinance No. 173 of the City a "Gig Harbor Sewer Revenue Fund." From and after the time of the delivery of the Bonds to the initial purchasers thereof, the "Water Revenue Fund" and "Gig Harbor Sewer Revenue Fund" shall be replaced by the "Utility Revenue Fund" created by Section 12 of this ordinance. The existing water supply and distribution system of the City and the existing sanitary sewage collection and disposal system of the City shall after the implementation of the Refunding Plan set forth in Section 2 hereof and the delivery of the Bonds to the initial purchasers thereof, be operated as a single combined water and sewer system.

Section 4. Description of Bonds. The City shall issue the Bonds in the aggregate principal amount of not to exceed

The Bonds shall be in registered form as to both principal and interest. The Bond Registrar (collectively, the fiscal agencies of the State of Washington in Seattle, Washington, and New York, New York) shall maintain the Bond Register. Such Bond Register shall contain the name and mailing address of the owner

of each Bond or nominee of such owner and the principal amount and number of Bonds held by each owner or nominee.

Upon surrender thereof to the Bond Registrar, the Bonds are interchangeable for Bonds in any authorized denomination of an equal aggregate principal amount and of the same interest rate and maturity. The Bonds may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Such exchange or transfer shall be without cost to the owner or transferee.

Section 5. Payment of Principal and Interest. Both principal of and interest on the Bonds shall be payable in lawful money of the United States of America. Interest on the Bonds shall be paid by check or draft mailed to the registered owners or nominees of such owners at the addresses appearing on the Bond Register on the 15th day of the month preceding the interest payment date. Principal of the Bonds shall be payable upon presentation and surrender of the Bonds by the registered owner thereof or at the principal offices of either of the fiscal agencies of the State in the cities of Seattle, Washington, and New York, New York at the option of such owners.

Section 6. Redemption in Advance of Maturity. The City reserves the right to redeem any or all of the outstanding Bonds maturing on or after December 1, 1996, in inverse chronological order of maturity, and by lot within any maturity, on any interest payment date on or after December 1, 1995, at 100% of the principal amount thereof, plus accrued interest to the date of redemption.

Section 7. Notice of Redemption. Notice of any intended redemption of Bonds shall be given not less than 30 nor more than 60 days prior to the date fixed for redemption by first class mail, postage prepaid, to the registered owner of any Bond to be

redeemed at the address appearing on the Bond Register. The requirements of this section shall be deemed to be complied with when notice is mailed as herein provided, regardless of whether or not it is actually received by the owner of any Bond. The interest on the Bonds so called for redemption shall cease to accrue on the date fixed for redemption unless such Bond or Bonds so called are not redeemed upon presentation made pursuant to such call. In addition, such redemption notice shall also be mailed within the same time period, postage prepaid, to Boettcher & Company, Inc., Seattle, Washington, Moody's Investors Service, Inc. and Standard & Poor's Corporation at their offices in New York, New York, or their successors, but such mailings shall not be a condition precedent to the redemption of such Bonds.

Section 8. Exchange and Transfer. Portions of the principal amount of any Bond, in installments of \$5,000 or any integral multiple of \$5,000, may be redeemed. If less than all of the principal amount of any Bond is redeemed, upon surrender of such Bond at the principal office of the Bond Registrar there shall be issued to the registered owner, without charge therefor, for the then unredeemed balance of the principal amount thereof, a new Bond or Bonds, at the option of the registered owner, of like maturity and interest rate in any denomination authorized by this ordinance.

Section 9. Execution of Bonds. The Bonds shall be executed on behalf of the City by the Mayor, shall be attested by the City Administrator (both of which signatures may be executed by facsimile) and shall have the corporate seal of the City impressed or imprinted thereon.

Only such Bonds as shall bear thereon a Certificate of Authentication in the form hereinafter recited, manually executed by the Bond Registrar, shall be valid or obligatory for any

purpose or entitled to the benefits of this ordinance. Such Certificate of Authentication shall be conclusive evidence that the Bonds so authenticated have been duly executed, authenticated and delivered hereunder and are entitled to the benefits of this ordinance.

If either of the officers who shall have executed the Bonds shall cease to be such officer or officers of the City before the Bonds so signed shall have been authenticated or delivered by the Bond Registrar, or issued by the City, such Bonds may nevertheless be authenticated, delivered and issued and upon such authentication, delivery and issuance, shall be as binding upon the City as though those who signed the same had continued to be such officers of the City. Any Bond may also be signed and attested on behalf of the City by such persons as at the actual date of execution of such Bond shall be the proper officers of the City although at the original date of such Bond any such person shall not have been such officer of the City.

Section 10. Bond Registration. The City hereby specifies and adopts the system of registration for the Bonds approved by the Washington State Finance Commission. The Bond Registrar shall keep, or cause to be kept, at its principal corporate trust office, sufficient books for the registration and transfer of the Bonds which shall at all times be open to inspection by the City. The Bond Registrar is authorized, on behalf of the City, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of such Bonds and this ordinance and to carry out all of the Bond Registrar's powers and duties under this ordinance.

The Bond Registrar shall be responsible for its representations contained in the Certificate of Authentication on the Bonds. The Bond Registrar may become the owner of the Bonds with the same

rights it would have it if were not the Bond Registrar, and to the extent permitted by law, may act as depositary for and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bond owners.

Section 11. Form of Bonds. The City shall cause definitive Bonds to be prepared substantially in the form attached hereto as Exhibit A. Until the definitive Bonds are prepared, the City may execute a temporary Bond which shall be typewritten, and which shall be delivered to the bond purchaser or purchasers in lieu of definitive Bonds, but subject to the same provisions, limitations, and conditions as the definitive Bonds. A temporary Bond shall be dated as of the date of the Bonds, shall be in the denomination equal to the principal amount of the Bonds, shall be numbered T-1, shall be substantially of the tenor of such definitive Bonds, but with such omissions, insertions, and variations as may be appropriate to temporary bonds, shall be issued in fully registered form, shall be signed by the Mayor and the City Administrator of the City, and shall have the seal of the City impressed thereon.

Upon surrender to the City of any such temporary Bond, the City, without charge to the registered owner, shall execute and deliver to the registered owner of the temporary Bond in exchange therefor, definitive Bonds of the same maturities, interest rates, redemption provisions, and aggregate principal amount as the temporary Bond surrendered. Until so exchanged, the temporary Bond shall be in all respects entitled to the same benefit and security as definitive Bonds, executed and issued pursuant to this ordinance.

Section 12. Priority of Payments from Revenue of the System. There is hereby established in the office of the City Administrator a special fund of the City to be known as the "City of Gig

Harbor Utility Revenue Fund" (the "Revenue Fund"), as collected. The Revenue Fund shall be held separate and apart from all other funds and accounts of the City, the Revenue of the System shall be used only for the following purposes and in the following order of priority:

First, to pay the Costs of Maintenance and Operation of the System;

Second, to make all payments required to be made into the Bond Fund to pay the interest on any Parity Bonds;

Third, to make all payments required to be made into the Bond Fund to pay the maturing principal of any Parity Bonds;

Fourth, to make all payments required to be made into the Reserve Account created to secure the payment of the Parity Bonds;

Fifth, to make all payments required to be made into any revenue bond redemption fund or revenue warrant redemption fund and debt service account or reserve account created to pay and secure the payment of the principal of and interest on any revenue bonds or revenue warrants of the City having a lien upon the Revenue of the System junior and inferior to the lien thereon for the payment of the principal of and interest on the Parity Bonds; and

Sixth, to retire by redemption or purchase in the open market any outstanding revenue bonds or revenue warrants of the City, to make necessary additions, betterments and improvements and repairs to or extensions and replacements of the System, or for any other lawful City purposes.

Section 13. Bond Fund. There is hereby created a special fund of the City known as the "Utility Bond Redemption Fund," (the "Bond Fund"), which Fund is to be drawn upon for the sole purpose

of paying and securing the principal of and interest on the Bonds and any Future Parity Bonds as the same shall become due.

Section 14. Debt Service Account. A Debt Service Account is hereby created in the Bond Fund. As long as any Parity Bonds remain outstanding, the City hereby obligates and binds itself to set aside and pay from the Bond Fund into the Debt Service Account those amounts necessary, together with such other funds as are on hand and available in the Debt Service Account, to pay the principal of and the interest on such Parity Bonds as the same respectively become due and payable. Such payments from the Bond Fund shall be made in a fixed amount without regard to any fixed proportion on or before the twentieth day of each month, an amount such that, if the same amount were so set aside and paid into said Debt Service Account on the twentieth day of each succeeding calendar month thereafter prior to the next date upon which an installment of interest or principal and interest falls due on the Bonds, the aggregate of the amounts so set aside and paid into the Debt Service Account will on such date be equal to the installment of interest or principal and interest.

Section 15. Utility Reserve Account. A Utility Reserve Account is hereby created in the Bond Fund for the purpose of securing the payment of the principal of and the interest on all bonds payable out of such Fund.

The City hereby covenants and agrees to deposit into the Reserve Account out of moneys on hand in the funds established for the Refunded Bonds and the Revenue of the System and Assessments (or out of any other funds of the City on hand and legally available therefor), beginning not later than one month after the date of issuance of the Bonds, approximately 60 equal monthly payments so that by five (5) years from the date of issuance of the Bonds there will have been paid into the Reserve Account an

amount which, together with the money already on deposit therein, will be at least equal to the lesser of (i) Average Annual Debt Service on the Parity Bonds then outstanding or (ii) the maximum amount permitted to be deposited therein under Section 103(c) of the federal Internal Revenue Code of 1954, as amended, and the regulations promulgated thereunder (the "Reserve Requirement").

The deposits required to be made into the Reserve Account by this Section may be satisfied by cash deposits or in lieu thereof by an insurance policy or an irrevocable letter or letters of credit issued by a bank, the long term debt rating on which is rated AA (or equivalent) by Standard and Poor's Corporation or Moody's Investors Service, Inc., or a successor to either such corporations.

In the event that the City issues any Term Bonds in the future and provides for the payment thereof by a mandatory schedule of payments into a sinking fund account in the Bond Fund, the term Average Annual Debt Service shall be deemed to exclude from principal an amount of Term Bonds equal to such mandatory payments, and from interest, the interest on such Term Bonds subsequent to the date of the respective deposits, and to include in lieu thereof the mandatory sinking fund deposits as of the date required and interest on Term Bonds provided for by such deposits only to the dates of the respective deposits. Such annual payments shall be made into the Reserve Account not later than December 20 of each year.

The City hereby further covenants and agrees that in the event it issues any Future Parity Bonds that it will provide in the ordinance authorizing the issuance of the same that it will pay into the Reserve Account out of the revenue of the System or Assessments (or, at the option of the City, out of any other funds

on hand legally available for such purpose) not less than approximately equal additional annual payments so that by five years from the date of such Future Parity Bonds there will have been paid into the Reserve Account an amount which, with the money already on deposit therein, (or insurance policy or letter(s) of credit), will be equal to the Reserve Requirement.

The City further covenants and agrees that when the required deposits have been made into the Reserve Account, it will at all times maintain therein an amount at least equal to the Reserve Requirement. Whenever there is a sufficient amount in the Revenue Bond Fund, including the Reserve Account and the Debt Service Account, to pay the principal of, premium if any, and interest on all outstanding Parity Bonds, the money in the Reserve Account may be used to pay such principal, premium and interest. Money in the Reserve Account may also be withdrawn to redeem and retire, and to pay the premium, if any, and interest due to such date of redemption, on any outstanding Parity Bonds, as long as the monies left remaining on deposit in the Reserve Account are equal to the Reserve Requirement.

In the event there shall be a deficiency in the Debt Service Account to meet maturing installments of either interest on or principal of and interest on the outstanding bonds payable out of such Account, such deficiency shall be made up from the Reserve Account by the withdrawal of monies therefrom. Any deficiency created in the Reserve Account by reason of any such withdrawal shall then be made up out of Revenue of the System or Assessments after making necessary provision for the payments required to be made by subparagraphs First, Second, Third, Fourth and Fifth of Section 12 hereof.

Section 16. Lien of Bonds. Such amounts so pledged to be paid out of the Revenue of the System into the Debt Service

Account and the Reserve Account are hereby declared to be a prior lien and charge upon such Revenue superior to all other charges of any kind or nature except the Costs of Maintenance and Operation of the System, and equal in rank to the charges upon such Revenue to pay and secure the payment of the principal of and the interest on any Future Parity Bonds.

Section 17. Investment of Moneys in the Bond Fund. Moneys in the Debt Service Account and Reserve Account (not needed to pay the interest or principal next coming due on the outstanding Parity Bonds or to maintain required reserves) may be invested as permitted by law. Investments of moneys in the Debt Service Account shall mature prior to the date on which such money shall be needed for required interest or principal payments. Investments of moneys in the Reserve Account shall mature not later than the last maturity of any then outstanding Parity Bonds. All interest earned and income or profits derived by virtue of investments of moneys in the Debt Service Account or the Reserve Account shall remain in the Bond Fund and be used to meet any of the required deposits therein.

Section 18. Adequacy of Revenues. The Council hereby finds and declares that, in fixing the amounts to be paid into the Bond Fund out of the Revenue of the System, as hereinbefore provided, that it has exercised due regard for the Costs of Maintenance and Operation of the System and has not obligated the City to set aside and pay into said Fund and Account a greater amount of the Revenue of the System than in its judgment will be available over and above such Costs of Maintenance and Operation and the charges necessary to pay the principal of and interest on the Bonds.

Section 19. Defeasance. In the event that money and/or "Government Obligations," as such obligations are defined in Ch. 39.53 RCW, as now or hereafter amended, the payment of the principal of and interest on which is unconditionally guaranteed by the United States of America or any agency thereof and maturing at such time or times and bearing interest to be earned thereon in amounts (together with such money, if necessary) sufficient to redeem and retire the Bonds in accordance with their terms, are set aside in to effect such redemption and retirement, and such moneys and the principal of and interest on such Government Obligations are irrevocably set aside and pledged for such purpose, then no further payments need be made into the Bond Fund for the payment of the principal of and interest on the Bonds, and the Bonds shall cease to be entitled to any lien, benefit or security of this ordinance except the right to receive the moneys so set aside and pledged, and the Bonds shall be deemed not to be outstanding hereunder.

Section 20. Bond Covenants.

A. Maintenance of System. The City shall at all time maintain, preserve and keep the properties of the System in good repair, working order and condition and will from time to time make all necessary and proper repairs, renewals, replacements, extensions and betterments thereto, so that at all times the business carried on in connection therewith will be properly and advantageously conducted and said properties of the System and the business in connection therewith administered in an efficient manner and at a reasonable cost.

B. Collection and Application of Assessments. The City will promptly collect all Assessments levied in utility local improvement districts that have been heretofore created by the City and all Assessments levied in utility local improvement

districts that are hereafter created to secure the payment of the principal of and interest on Parity Bonds and will pay the same into the Bond Fund. The same may be used to meet required payments into any Account of the Bond Fund and may be used to pay the principal of and interest on any Parity Bonds without said Assessments being particularly allocated to the payment of any particular series of bonds payable out of such Fund. It is hereby further provided, however, that nothing in this ordinance or in this subsection shall be construed to prohibit the City from issuing revenue bonds having a lien on the Revenue of the System and the money in the Revenue Fund junior to the lien on such revenue and money for the payment of the principal of and interest on the Bonds and pledging as security for the payment of such junior lien bonds assessments levied in any utility local improvement district that may have been created to pay part or all of the cost of improvements to the System for which such junior revenue bonds were specifically issued.

C. Rates and Charges. The City shall fix, maintain and collect rates and charges for the use of the services and facilities and all commodities sold, furnished or supplied by the System, which shall be fair and nondiscriminatory and shall adjust such rates and charges from time to time so that:

(1) the Revenue of the System derived therefrom, together with Assessments collected, will at all times be sufficient (a) to pay the Costs of Maintenance and Operation, (b) to pay the principal of and interest on all Parity Bonds, as and when the same shall become due and payable, (c) to make adequate provision for the payment of the any Term Bonds, (d) to make when due all payments which the City is obligated to make into the Reserve Account and all other payments which the City is obligated to make pursuant to this ordinance, and (f) to pay all taxes,

assessments or other governmental charges lawfully imposed on the System or the revenue therefrom or payments in lieu thereof and any and all other amounts which the City may now or hereafter become obligated to pay from the Revenue of the System by law or contract; and

(2) the Net Revenue together with Assessment Income in each calendar year will equal at least 1.30 times the maximum amount required to be paid in any succeeding calendar year for the principal of and interest on all Parity Bonds then outstanding. In the event the City issues any Term Bonds, and provides for the payment thereof by a mandatory schedule of payments into a sinking fund account in the Bond Fund, the words "principal of and interest on all outstanding Parity Bonds" in the preceding sentence shall be deemed to exclude from "principal" an amount of Term Bonds equal to such mandatory payments, and from "interest" the interest on such Term Bonds subsequent to the date of the respective deposits, and to include in lieu thereof the mandatory sinking fund deposits as of the date required and interest on Term Bonds provided for by such deposits only to the date of the respective deposits.

D. Net Revenue. After making or providing for the monthly payments from the Revenue Fund as required by Section 12 hereof, there shall be maintained in the Revenue Fund sufficient moneys to enable the City to meet the Costs of Maintenance and Operation of the System on a current basis.

E. Sale of Properties. The City will not sell or otherwise dispose of the System in its entirety unless simultaneously with such sale or other disposition, provision is made for the payment into the Bond Fund of cash or Government Obligations (as now or hereafter defined in RCW 39.53) sufficient (taking into account interest to be earned on any such Government Obligations) to pay

the principal of and interest on all then outstanding Parity Bonds, nor will it sell or otherwise dispose of any part of the useful operating properties of the System unless such facilities are replaced or provision is made for payment into the Bond Fund of the greatest of the following:

(1) An amount which will be in the same proportion to the net amount of Parity Bonds then outstanding (defined as the total amount of the Parity Bonds less the amount of cash and investments in the Bond Fund and Accounts therein) that the Revenue from the portion of the System sold or disposed of for the preceding year bears to the total Revenue of the System for such period; or

(2) An amount which will be in the same proportion to the net amount of Parity Bonds then outstanding (defined as the total amount of the Parity Bonds less the amount of cash and investments in the Revenue Bond Fund and Accounts therein) that the Net Revenue from the portion of the System sold or disposed of for the preceding year bears to the total Net Revenue of the System for such period; or

(3) An amount which will be in the same proportion to the net amount of Parity Bonds then outstanding (as defined above) that the depreciated cost value of the facilities sold or disposed of bears to the depreciated cost value of the entire System immediately prior to such sale or disposition.

The proceeds of any such sale or disposition of a portion of the properties of the System (to the extent required above) shall be paid into the Reserve Account in the Bond Fund.

Notwithstanding any other provision of this paragraph, the City may sell or otherwise dispose of any of the works, plant, properties and facilities of the System or any real or personal property comprising a part of the same which shall have become

unservicable, inadequate, obsolete or unfit to be used in the operation of the System, or no longer necessary, material to or useful in such operation, without making any deposit into the Bond Fund.

F. No Encumbrances. The City will not any any time create or permit to accrue or to exist any lien or other encumbrance or indebtedness upon the System or the Revenue of the of the System, or any part thereof, prior or superior to the lien thereon for the payment of Parity Bonds, and will pay and discharge, or cause to be paid and discharged, any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the Revenue of the System, or any part thereof, or upon any funds in the hands of the City, prior to or superior to the lien of Parity Bonds, or which might impair the security of Parity Bonds.

G. Insurance. The City will keep the works, plants and facilities comprising the System insured, and will carry such other insurance, with responsible insurers, with policies payable to the City, against risks, accidents or casualties, at least to the extent that insurance is usually carried by private corporations operating like properties, or will implement a self-insurance program with reserves adequate, in the judgment of the Council, to protect City and the holders of the Bonds against loss. In the event of any loss or damage, the City will promptly repair or replace the damaged portion of the insured property and apply the proceeds of any insurance policy for that purpose; or in the event the City should determine not to repair or reconstruct such damaged portion of the properties of the System, the proceeds of such insurance shall be paid into the Reserve Account to the extent that such transfer shall be necessary to make up any deficiency in said Reserve Account and the balance, if any, shall

at the option of the City, be used either for repairs, renewals, replacements, or capital additions to the System, for the redemption of Parity Bonds, or for deposit into the Reserve Account.

H. Books and Accounts. The City shall keep proper books of account which shall be kept in accordance with any applicable rules and regulations prescribed by the State of Washington. The City shall prepare, and any owner or holder of Parity Bonds may obtain copies of, balance sheets and profit and loss statements showing in reasonable detail the financial condition of the System as of the close of each year, and the income and expenses of such year, including the amounts paid into the Revenue Fund, the Bond Fund, and into any and all special funds or accounts created pursuant to the provisions of this ordinance, and the amounts expended for maintenance, renewals, replacements, and capital additions to the System.

I. No Free Service. The City will not furnish or supply or permit the furnishing or supplying of any commodity, service or facility furnished by or in connection with the operation of the System, free of charge to any person, firm or corporation, public or private, so long as any Bonds are outstanding and unpaid.

J. The City will not expend any of the Revenues derived by it from the operation of the System or the proceeds of any indebtedness payable from Revenue of the System for any extensions, betterments and improvements to the System which are not legally required or economically sound, and which will not properly and advantageously contribute to the conduct of the business of the System in an efficient manner.

K. Enforcement of Collection of Service Charges and Assessments. The City shall promptly take action to enforce the payment of delinquent service charges and Assessments by such means as are legally available.

Section 21.      Issuance of Future Parity Bonds.      The City hereby further covenants and agrees with the owners and holders of each of the Bonds for as long as any of the same remain outstanding as follows:

The City will not issue any bonds having a greater or equal priority of lien upon the Revenue of the System to pay and secure the payment of the principal of and interest on such bonds than the priority of lien created on such bonds than the priority of lien created on such Revenue to pay and secure the payment of the principal of and interest on the Parity Bonds except as follows:

A.    The City reserves the right to issue Future Parity Bonds for the purposes of

First, providing funds to acquire, construct, reconstruct, install, or replace any equipment, facilities, additions, betterments, or other capital improvements to the System for which it is authorized by law to issue revenue bonds, or

Second, refunding at or prior to their maturity, any revenue bond anticipation notes, or outstanding revenue bonds or other obligations payable out of the Revenue of the System and to pledge that payments will be made out of the Revenue of the System and into the Bond Fund and the Reserve Account therein to pay and secure the payment of the principal of and interest on such Future Parity Bonds on a parity with the payments required herein to be made out of such Revenue into such Fund and Account to pay and secure the payment of the principal of and interest on any Parity Bonds then outstanding, upon compliance with the following conditions:

(1) At the time of the issuance of any Future Parity Bonds there is no deficiency in the Bond Fund or the Reserve Account.

(2) If there are Assessments levied in any utility local improvement district to pay for additions and improvements to and extensions of the System which will be constructed from the proceeds of such Future Parity Bonds, the ordinance authorizing such Future Parity Bonds shall require that such Assessments be paid into the Bond Fund.

(3) If there are Assessments pledged to be paid into a warrant or bond redemption fund for revenue bonds or warrants being refunded by Future Parity Bonds, the ordinance authorizing the Future Parity Bonds shall require such Assessments to be paid into the Bond Fund.

(4) The principal of and interest on the Future Parity Bonds shall be payable out of the Bond Fund and the requirements for Reserve Account payments in Section 15 hereof shall be met.

(5) Prior to the delivery of any Parity Bonds the City shall have on file a certificate of an independent professional engineer or certified public accountant dated not earlier than 90 days prior to the date of delivery of such Future Parity Bonds and showing: that the Net Revenue determined and adjusted as hereafter provided for each calendar or fiscal year after the issuance of such Parity Bonds (the "Adjusted Net Revenue") together with Assessment Income will equal at least 1.30 times the amount required in any such year for the payment of the principal of and interest on all Parity Bonds then outstanding, including the Future Parity Bonds proposed to be issued. In the event the City issues any Term Bonds, and provides for the payment thereof by a mandatory schedule of payments into a sinking fund account in the Bond Fund, the words "principal of and interest on all outstanding Parity Bonds" in the preceding sentence shall be deemed to exclude from "principal" an amount of Term Bonds equal to such mandatory payments, and from "interest" the interest on such Term Bonds

subsequent to the date of the respective deposits, and to include in lieu thereof the mandatory sinking fund deposits as of the date required and interest on Term Bonds provided for by such deposits only to the dates of the respective deposits.

The Adjusted Net Revenue shall be the Net Revenue for a period of any twelve consecutive months out of the twenty-four months immediately preceding the date of delivery of such proposed Parity Bonds as adjusted by such engineer or accountant to take into consideration changes in Net Revenue estimated to occur under one or more of the following conditions for each year after such delivery for so long as any Parity Bonds, including the Future Parity Bonds proposed to be issued, shall be outstanding:

(i) any increase or decrease in Net Revenue which would result if any change in rates and charges adopted prior to the date of such certificate and subsequent to the beginning of such twelve-month period, had been in force during the full twelve-month period;

(ii) any increase or decrease in Net Revenue estimated by such Engineer or Accountant to result from any additions, betterments and improvements to and extensions of any facilities of the System which (a) became fully operational during such twelve-month period, (b) were under construction at the time of such certificate or (c) will be constructed from the proceeds of the Parity Bonds to be issued;

(iii) the additional Net Revenue which would have been received if any customers added to the System during such twelve-month period were customers for the entire period;

Such Engineer or Accountant shall base his certification upon, and his certificate shall have attached thereto, financial

statements of the System audited by the State Examiner (unless such an audit is not available for a twelve-month period within the preceding twenty-four months) and certified by the City Administrator, showing income and expenses for the period upon which the same is based.

The certificate of such Engineer or Accountant shall be conclusive and the only evidence required to show compliance with the provisions and requirements of this subsection (5).

Notwithstanding the foregoing requirement, if Future Parity Bonds are to be issued for the purpose of refunding at or prior to their maturity any part or all of the then outstanding Parity Bonds and the issuance of such refunding Parity Bonds results in a debt service savings and does not require an increase of more than \$5,000 in any year for principal and interest on such refunding Parity Bonds, the certificate required by subsection A(5) of this section need not be obtained.

B. Nothing herein contained shall prevent the City from issuing revenue bonds or other obligations which are a charge upon the Revenue of the System junior or inferior to the payments required by this ordinance to be made out of such Revenue into the Bond Fund and Reserve Account to pay and secure the payment of any outstanding Parity Bonds.

C. Nothing herein contained shall prevent the City from issuing revenue bonds to refund maturing Parity Bonds for the payment which moneys are not otherwise available.

Section 22. Arbitrage Covenant. The City hereby covenants that it will not make any use of the proceeds of sale of the Bonds or any other funds of the City which may be deemed to be proceeds of such Bonds pursuant to Section 103(c) of the Internal Revenue Code and the applicable regulations thereunder which, if such use had been reasonably expected on the date of delivery of the Bonds

to the initial purchasers thereof, would have caused the Bonds to be "arbitrage bonds" within the meaning of said section and said regulations. The City will comply with the requirements of subsection (c) of Section 103 of the Internal Revenue Code and the applicable regulations thereunder throughout the term of the Bonds.

This Council hereby finds and determines that the issuance and sale of the Bonds at this time will effect a saving to the City and its taxpayers. In making such finding and determination this Council has given consideration to the interest to the fixed maturities of the Bonds and the Refunded Bonds, the costs of the issuance of the Bonds and the known earned income from the investment of the proceeds of sale of the Bonds pending redemption of the Refunded Bonds.

This Council hereby further finds and determines that the moneys and Acquired Obligations to be deposited with the Refunding Agent for the Refunded Bonds in accordance with Section 2 of this ordinance will discharge and satisfy the obligations of the City under the ordinances of the City authorizing the issuance of the Refunded Bonds and the pledges, charges, trusts, covenants and agreements of the City therein made or provided for as to said Refunded Bonds, and that said Refunded Bonds shall no longer be deemed to be outstanding under said ordinance immediately upon the deposit of such moneys and the Acquired Obligations with the Refunding Agent.

Section 23. Purchase Contract. The Bonds shall be sold at negotiated sale. The offer of Boettcher & Company, Inc., Seattle, Washington to purchase the Bonds at a purchase price of 97% of par (\$717,800), as more fully set forth in the Purchase Contract presented to this Council on November 18, 1985, is hereby confirmed and accepted.

Section 24. Additional Actions. The proper City officials are hereby authorized and directed to execute the Purchase Contract and to do everything necessary for the prompt execution and delivery of the Bonds to said purchasers and for the proper application and use of the proceeds of sale thereof.

Section 25. Severability. If one or more of the covenants or agreements provided in this ordinance to be performed on the part of the City shall be declared by any court of competent jurisdiction to be contrary to law, then such covenant or covenants, agreement or agreements, shall be null and void and shall be deemed separable from the remaining covenants and agreements in this ordinance and shall in no way affect the validity of the other provisions of this ordinance or of the Bonds.

Section 26. Effective Date. This ordinance shall become effective five days from and after its final passage and publication as required by law.

Read for the first time on November 25, 1985 and Finally PASSED by the Council of the City of Gig Harbor, Washington, at a regular meeting held on the 9th day of December, 1985.

ADDITIONAL BOND PROVISIONS

This bond is one of an authorized issue of bonds of the City of like date and tenor, except as to number, interest rate and date of maturity, in the aggregate principal amount of \$740,000, issued pursuant to Ordinance No. 468 of the City, passed on December 9, 1985 (the "Bond Ordinance"), to provide part of the moneys necessary to advance refund certain outstanding water revenue bonds and sewer revenue bonds of the City. Seattle-First National Bank, Seattle, Washington, has been appointed

Refunding Agent in connection with the refunding of such outstanding bonds. The bonds are payable solely from the special fund of the City known as the "Utility Bond Redemption Fund" created pursuant to the Bond Ordinance. The bonds of this issue are not general obligations of the City.

The City has reserved the right to redeem any or all of the outstanding bonds of this issue maturing on or after December 1, 1996 in inverse order of maturities (and by lot within a maturity, in increments of \$5,000, with the manner of selection to be as chosen by the Bond Registrar) on December 1, 1995, or on any interest payment date thereafter, at a price of 100% of the principal amount thereof plus accrued interest to the date of redemption.

Notice of any such intended redemption shall be given not fewer than 30 nor more than 60 days prior to the redemption date by first class mail, postage prepaid, to the registered owner of any bond to be redeemed at the address appearing on the Bond Register. The requirements of the Bond Ordinance shall be deemed to be complied with when notice is mailed as herein provided, regardless of whether or not it is actually received by the owner of any bond. Interest on all of such bonds so called for redemption shall cease to accrue on the date fixed for redemption unless such bond or bonds so called for redemption are not redeemed upon presentation made pursuant to such call. In addition, such redemption notice shall be mailed within the same time period to Boettcher & Company, Inc., at its office in Seattle, Washington, or its successors, if any. Notice of redemption shall also be given to Moody's Investor Service, Inc. and Standard & Poor's Corporation at their offices in New York, New York, or their successors, but such mailing shall not be a condition precedent to the redemption of bonds.

Portions of the principal sum of this bond in installments of \$5,000 or any integral multiple thereof may also be redeemed in accordance with the provisions set forth above, and if less than all of the principal sum hereof is to be redeemed, upon the surrender of this bond at the principal office of the Bond Registrar there shall be issued to the Registered Owner, without charge therefor, for the then unredeemed balance of the principal sum hereof, at the option of the Registered Owner, a bond or bonds of like maturity and interest rate in any of the denominations authorized by the Bond Ordinance.

The City has irrevocably obligated and bound itself to pay into and maintain in the Debt Service Account and the Reserve Account created therein certain amounts necessary to pay and secure the payment of the bonds of this issue all within the times provided in the Bond Ordinance.

The amounts so pledged to be paid into the Bond Fund and the Reserve Account therein are hereby declared to be a prior lien and charge upon the Revenue of the System superior to all other charges of any kind or nature except the Costs of Maintenance and Operation of the System and equal in rank to the charges upon such Revenue to pay and secure the payment of the principal of and interest on any water and sewer revenue bonds which may be hereafter issued on a parity of lien with the bonds.

The City hereby covenants and agrees with the owner and holder of this bond that it will keep and perform all the covenants of this bond and of the Bond Ordinance to be by it kept and performed.

The City has further bound itself to maintain the System in good condition and repair, to operate the same in an efficient manner and at a reasonable cost, to establish, maintain and collect rates and charges for water supplied and sanitary and sewage service provided, for as long as any of the bonds remain outstanding that will make available for the payment of the principal of and the interest on all of such bonds as the same shall become due an amount equal to at least 1.30 times the amount required annually hereafter for the payment of all of such principal and interest after normal costs of maintenance and operation of the System have been paid, but before depreciation. Within five years of the issuance of parity revenue bonds, the Reserve Account must be at least equal to the maximum annual debt service (on such lesser amount as shall then be permitted under the federal Internal Revenue Code of 1954, as amended) on all outstanding parity revenue bonds.

SAFEKEEPING AGREEMENT

THIS AGREEMENT, made and entered into as of the \_\_\_\_ day of \_\_\_\_\_, 1985, by and between the City of Gig Harbor, Washington (the "City"), and Seattle-First National Bank, Seattle, Washington (the "Refunding Agent");

W I T N E S S E T H:

WHEREAS, pursuant to Ordinances Nos. \_\_\_\_\_ of the City, revenue bonds of the City are outstanding in the amount of \$\_\_\_\_\_, described in Schedule 1 hereto (the "Refunded Bonds").

WHEREAS, the City by Ordinance No. 468, passed on December 9, 1985 (the "Bond Ordinance") has determined to refund the Refunded Bonds by the issuance of revenue refunding bonds (the "Bonds"); and

WHEREAS, the City has, pursuant to the Bond Ordinance, duly and validly authorized the execution and delivery of the documents necessary for the issuance of the Bonds and this Safekeeping Agreement;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, and for the benefit of the owners and holders of the Refunded Bonds, the parties hereto covenant and agree as follows:

Section 1. Provisions for Refunding the Outstanding Bonds.

The City, simultaneously with the delivery of the Bonds, agrees to purchase and irrevocably deposit with the Refunding Agent in trust for the security and benefit of the holders and owners of the Refunded Bonds sufficient obligations of evidence thereof (the "Acquired Obligations") as described in Appendix 1 attached hereto, and any money, if necessary, to provide for the payment of

the principal and interest due or to become due on the Refunded Bonds in accordance with the schedule set forth in Appendix 2 hereof, at maturity and upon the prior redemption thereof, as provided in the Bond Ordinance.

Such Acquired Obligations shall be paid for out of the proceeds of sale of the Bonds, and out of any other moneys now on hand in the bond funds for the Refunded Bonds.

On or before the delivery of the Bonds to the initial purchasers thereof, the City agrees that it will cause to be delivered to the Refunding Agent statements setting forth the maturity schedules of the Refunded Bonds by number, amount, date of maturity and interest rates, the amount of interest to be paid on each semiannual interest payment date, and the amount of principal to be paid on each annual principal payment date.

The City by the Bond Ordinance has directed to be set aside sufficient money to purchase Acquired Obligations which will be used to pay principal and interest on the Refunded Bonds at maturity. The City by the Bond Ordinance has irrevocably provided for the defeasance and payment of the Refunded Bonds. Said provisions for defeasance and payment of the Refunded Bonds shall be irrevocable upon the final establishment of the escrow account and delivery of the Acquired Obligations to the Refunding Agent. The City represents to the Refunding Agent that the maturing principal and interest on the Acquired Obligations (together with the necessary beginning cash balances), if paid when due, will be sufficient to pay, when due, all of the principal of and interest on the Refunded Bonds.

Section 2. Disbursements by Refunding Agent. The Refunding Agent shall present for payment on the due dates thereof any Acquired Obligations so deposited with it and shall apply the proceeds derived therefrom and the interest paid thereon in

accordance with the provisions of the Bond Ordinance and this Agreement. Moneys shall be transferred, in a timely manner, by the Refunding Agent to the City Administrator of the City, or at his direction, to the fiscal agents of the State of Washington, in amounts sufficient for the payments specified in Section 2 of the Bond Ordinance.

Section 3. Custody and Safekeeping of Obligations. For as long as any of the Refunded Bonds are outstanding, the Refunding Agent shall render a quarterly statement to the City, which statement shall set forth the cash and Acquired Obligations held by the Refunding Agent, any of such Acquired Obligations which have matured, and the amounts received by the Refunding Agent by reason of such maturity, the interest earned on any of such Acquired Obligations, a list of any investments or reinvestments made by the Refunding Agent in other obligations, and the interest and/or principal derived therefrom, the amounts of cash delivered to the City Administrator and/or the State fiscal agents, and the dates of the use thereof for the payment of the principal of and interest on the Refunded Bonds as the same shall become due and payable, and any other transactions of the Refunding Agent pertaining to its duties and obligations as set forth herein.

In the event the maturity of principal and interest of the Acquired Obligations and other money held by the Refunding Agent pursuant to this Safekeeping Agreement shall at any time be insufficient to make a payment described in Section 2, the Refunding Agent shall give the City prompt notice of such insufficiency, and shall deliver promptly to the City a written request to deposit with the Refunding Agent sums sufficient to make such payment.

All Acquired Obligations, moneys and investment income deposited with or received by the Refunding Agent pursuant to this

Safekeeping Agreement shall be held in trust for the specific purposes set forth herein and may not be used for any other purpose.

The City may, according to the terms of the Bond Ordinance, substitute other securities for the Acquired Obligations and withdraw funds from the trust hereby created. The Refunding Agent agrees to such substitution and withdrawal if the conditions precedent thereto contained in the Bond Ordinance are met.

Section 4. Duties and Obligations of the Refunding Agent.

The duties and obligations of the Refunding Agent shall be as prescribed by the provisions of this Safekeeping Agreement and the Bond Ordinance and the Refunding Agent shall only be responsible for the performance of its duties and obligations as so specifically set forth and to act in good faith in the performance thereof, and no implied duties or obligations shall be incurred by the Refunding Agent other than those specified herein.

None of the provisions contained in this Safekeeping Agreement shall require the Refunding Agent to use or advance its own funds or otherwise incur financial liability in the performance of any of its duties or the exercise of any of its rights or powers hereunder. The Refunding Agent shall be under no liability for interest on any funds or other property received by it hereunder, except as herein expressly provided.

The Refunding Agent may consult with counsel of its choice, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or not taken or suffered by it hereunder in good faith and in accordance with the opinion of such counsel. The Refunding Agent shall not be responsible or liable for any promise, representation, agreement, condition or stipulation not herein set forth; for the sufficiency, correctness, genuineness or validity of any instruments deposited with it; for the form of execution thereof or the

identity, authority or rights of any person executing or depositing the same; or for the performance or compliance by any party other than the Refunding Agent with the terms or conditions of any such instruments; for any loss which may occur by reason of forgeries, false representations or the exercise of the Refunding Agent's discretion in any particular manner unless such exercise is negligent or constitutes willful misconduct. If any controversy arises between the parties hereto or with any third person, the Refunding Agent shall not be required to determine the same or to take any action in the premises, but it may, in its discretion, institute such interpleader or other proceedings in connection therewith as it may deem proper, and in following either course, it shall not be liable, except as provided above.

Section 5. Compensation of Refunding Agent. The arrangements heretofore made for the payment to the Refunding Agent of the sum of \$\_\_\_\_\_ for services rendered by it pursuant to the provisions of this Safekeeping Agreement are satisfactory to it and such payment is inclusive of all fees, compensation and expenses of the Refunding Agent; provided, however, that the Refunding Agent shall be separately compensated for services performed in connection with any substitution of Acquired Obligations pursuant to Section 2 of the Bond Ordinance.

In the event that the Refunding Agent renders any service hereunder not provided for in this Safekeeping Agreement, or the Refunding Agent is made a party to or intervenes in any litigation pertaining to this Safekeeping Agreement or institutes interpleader proceedings relative hereto, the Refunding Agent shall be reasonably compensated by the City for such extraordinary services and reimbursed for all fees, costs, liability and expenses (including reasonable attorneys' fees) occasioned thereby.

Section 6. Successor Refunding Agent. The obligations assumed by the Refunding Agent pursuant to this Safekeeping Agreement may be transferred by the Refunding Agent to a successor; provided, that the Refunding Agent has presented evidence satisfactory to the City and its bond counsel that the successor meets the requirements of RCW chapter 39.53, as now in effect or hereafter amended, and has assumed all the obligations of the Refunding Agent under this Safekeeping Agreement, and that all the Acquired Obligations and moneys held by the Refunding Agent pursuant to this Safekeeping Agreement have been duly transferred to such successor.
