BETWEEN THE CITY OF GIG HARBOR AND HARBOR HILL LLC
FOR THE HARBOR HILL DEVELOPMENT**

This Amendment No. 2 to Development Agreement is made and entered into this 28th day of April, 2014, by and among the CITY OF GIG HARBOR, a Washington municipal corporation (the "City"), and HARBOR HILL LLC, a Washington limited liability company ("Harbor Hill" or "Developer").

RECITALS

A. RCW 36.70B.170 authorizes the execution of a development agreement between a local government and a person having ownership or control of real property within its jurisdiction. Pursuant to Resolution No. 845 adopted by the City Council, the City and Harbor Hill entered into a development agreement dated November 9, 2010 (the "Original Development Agreement"), which was recorded in the real property records of Pierce County, Washington, under Auditor's File No. 201011160780, concerning the development of the property legally described on Exhibit A to the Original Development Agreement (the "Property") and generally located north and south of Borgen Boulevard between Harbor Hill Drive and Peacock Hill Avenue N.W. in the City of Gig Harbor, Pierce County, Washington. The legal description of the Property is restated on Exhibit A attached hereto.

B. By a subsequent Joinder Agreement dated November 22, 2010, and recorded in the real property records of Pierce County, Washington, under Auditor's File No. 201012020196, OPG Properties LLC, a Washington limited liability company ("OPG"), as the owner of a portion of the Property, joined in and agreed to be bound by the Original Development Agreement. Both Harbor Hill and the City consented to the Joinder Agreement.

C. By Amendment No. 1 recorded under Pierce County Auditor's File No. 201212040216, the parties amended certain provisions of the Original Development Agreement. The Original Development Agreement as amended by Amendment No. 1, is referred to here as the "Development Agreement".

D. By Quit Claim Deed recorded under Pierce County Auditor's File No. 201308130540, OPG conveyed to Harbor Hill all of OPG's right, title, and interest in its portion of the Property.

E. Under that certain Omnibus Assignment and Assumption Agreement dated August 13, 2013, OPG assigned to Harbor Hill and Harbor Hill assumed from OPG all of OPG's right, title, and interest in the Development Agreement and certain other tangible and intangible property.

F. The City and Developer wish to amend the Development Agreement as described herein.

G. This Amendment is made under the authority of the City's police power, contracting authority, and other authority, including without limitation the authority granted to the City under RCW 36.70B.170 et seq. to make development agreements and GHMC Chapter 19.08 as amended. This Amendment establishes development standards for the Property and other provisions that apply to and govern and vest the development, use, and mitigation of the development of the Property. Actual construction of improvements on the Property requires approval of subsequent City permits, which will be issued in accordance with the standards and procedures described in the Development Agreement as amended by this Amendment.

Now, therefore, the parties hereto agree as follows:

AGREEMENT

1. Revised Phasing Plan. The Phasing Plan attached as Exhibit I to this Amendment No. 2 is hereby substituted for Exhibit I to the Development Agreement.

2. Model Homes. Section 18 of the Development Agreement is amended and restated to provide as follows:

Section 18. Model Homes.

A. The parties acknowledge that the most efficient and economic development of the Residential Area depends upon numerous factors, such as market orientation and demand, interest rates, competition, and similar factors, and that generally it will be most economically beneficial to the ultimate purchasers of the Residential Area to allow the Developer or Homebuilder to construct model homes within the Residential Area prior to approval and recording of a final plat. Therefore, the parties agree that the Developer and any Homebuilder shall be entitled to construct model homes within the Residential Area in accordance with the following terms and conditions.

B. The Developer and any Homebuilder may submit building permit applications for up to eight (8) model homes within eight (8) lots per phase, as such phases are described on the Phasing Plan and as such lots are depicted on an approved preliminary plat, prior to recording of the final plat. The City shall review and approve or deny the applications regardless whether the final plat is recorded.

Prior to issuance of building permits for the model homes, the following requirements must be satisfied:

i. Retention/detention facilities that serve the model home lots shall be constructed in accordance with the engineered drawings approved by the City of Gig Harbor.

ii. Construction of road improvements necessary to provide construction access to the model homes sites from existing public roadways shall be completed. The road improvements shall consist of subgrade in the final roadway alignment, from the existing public roadways to the furthest proposed model home. These improvements shall be in accordance with the engineered drawings approved by the City.

iii. Water and sewer facilities shall be installed to each lot proposed for model homes.

iv. All impact fees and utility general facility charges for model homes shall be paid prior to the issuance of building permits for the model homes.

vi. Fire protection features, including access, hydrants, and fire flow, must be provided in accordance with GHMC Chapter 15.16 and the approved civil plans prior to any combustible construction on any lot within the development. Such fire protection features may be installed in a phased manner provided that they are in place and approved as prescribed by code for each individual parcel within the plat prior to issuance of a building permit for said parcel.

vii. Traffic mitigation fees for all model homes shall be paid as required by law or as agreed by the City and the Developer as to the Residential Area.

C. In addition to the foregoing requirements, each residential building permit application for a model home shall include the following submittals:

i. Building plot plans showing the locations of the proposed model homes with distances indicated from the proposed final plat lot lines.

ii. Overall site plan showing the temporary improvements specific to the model homes such as the location of signage, flags,

banners, fencing, landscaping, and impervious surfaces such as parking areas and sidewalks.

D. A final and complete Certificate of Occupancy shall not be granted for any of the model homes until the final plat has been recorded. However, the applicant may request final inspection and temporary occupancy for model homes prior to final plat recording, provided:

i. The Developer and Homebuilder have complied with applicable state law with regard to any agreements to transfer, sell, or lease property within the preliminary plat prior to final plat recording.

ii. All Building and Fire Safety requirements have been met to the satisfaction of the City's Building and Fire Safety Director. Construction of roadway and transportation improvements necessary to provide safe public access to the model homes from the existing public roadways shall be constructed in accordance with the engineered drawings, prepared by the Engineer of Record, as well as in compliance with the City Public Works Standards. The City Engineer shall have sole discretion to determine the definition of safe public access. In addition, all applicable requirements of the Public Works Standards shall be complied with to the satisfaction of the City Engineer.

iii. Driveway approaches for each model home requesting occupancy have been installed.

iv. Repairs to the roadway improvements have been completed as necessary due to damage as a result of model home construction.

v. Completion of miscellaneous utility work as necessary to minimize potential for damage to vehicles or tripping hazards.

vi. Completion of miscellaneous work to provide access for maintenance or operation of underground utilities.

E. Prior to final plat approval, either the Developer or Homebuilder shall submit two (2) copies of a plot plan delineating the as-built location of the model home on the lot. The corners of the lot shall be set by a registered professional land surveyor prior to commencement of construction.

F. The model homes and all associated improvements, including any parking lot, shall be removed within six (6) months after the last to occur of the following events:

i. Preliminary plat approval has expired and no extension has been granted, and

ii. The portion of the Residential Area within which the model home is located has been denied final plat approval and either all appeal periods have been exhausted without the commencement of an appeal or all appeals have been dismissed or otherwise resolved.

3. Other Provisions. All other provisions of the Development Agreement shall remain in full force and effect. The Development Agreement, as amended by this Amendment, is hereby confirmed and ratified.

INFRASTRUCTURE SEQUENCE NOTES

1. "X" MEANS THAT INFRASTRUCTURE MUST BE COMPLETED PRIOR TO OR CONCURRENT WITH DEVELOPMENT PHASE.
2. ".." MEANS CUMULATIVE TRIGGER. THE NOTED INFRASTRUCTURE IMPROVEMENT MAY BE TRIGGERED BY A NUMBER OF THE INDICATED PARCELS COMING ONLINE AHEAD OF THE PRIMARY PARCEL REQUIRING THE IMPROVEMENT. THIS WILL BE DETERMINED IN CONSULTATION WITH THE CITY DURING THE PRE-APPLICATION CONFERENCE FOR THE GIVEN PARCEL APPLICATION.
3. DEVELOPMENT OF SOME PHASES MAY DEPEND ON COMPLETION OF OTHER PHASES FOR ROAD AND UTILITY CONNECTIONS.
4. NUMBERING OF PHASES DOES NOT NECESSARILY INDICATE SEQUENCE OF DEVELOPMENT (EX: N3 AND N4 COULD DEVELOP BEFORE N2).
5. PARKWAY ROAD IMPROVEMENT INCLUDES ABUTTING OPEN SPACE TRACTS.
